Reaching us

When you call, your call is routed to the office nearest you. If your local counselor is busy, you will reach his or her voice mail. You always have the option to speak with a live counselor by following the prompts. If your call is not urgent, and your local counselor is unavailable, you may leave a message and he or she will return your call.

When leaving a message, please help us to connect with you by providing us the following:

1. Phone numbers and good times to reach you.
2. If it’s OK to leave you a message telling you that “EAP” returned your call.

We welcome your call any time. Call us at 1-800-287-2173
