When a school district employee is contacted by a representative of the media for a comment or interview on a subject related to the employee’s area of expertise, the employee should consult with the Director of Communications and decide who will respond, and respond in a manner that is accurate and factual. If the employee is not able to respond accurately or the inquiry does not relate to the employee’s area of responsibility, the employee shall refer the inquiry to the Director of Communications.

In all cases, the employee shall inform the Director of Communications of the media request prior to releasing information. In the event it is not possible to reach the
Director of Communications then the direct administrative supervisor should be notified before any release of information.

Nothing in this regulation is intended as a restraint on the expression of personal opinion by an employee of the school district.

Media Access to Schools:

The media will have access to all school events to which the public has been invited. Approval from the principal is not required to interview, film, or photograph staff or students at public events such as athletic contests, dramatic productions, music concerts, and graduation ceremonies.

When members of the media enter schools to cover events other than public events, they must have the approval of the school administration for interviewing, filming, or photographing staff or students. Group shots that do not identify individual students by name – either still photos or video – may be taken in classrooms, hallways, and on the playground with the administration’s permission.

Before individual students are interviewed, taped, or photographed, the administration shall obtain parental permission. A signed form giving parental/guardian permission for use of the student's image in video print, or broadcast will be kept on file at the school.
