The FY24 budget includes the first full payment to the USDA for our capital project loan - $3,050,210.

In 2019, when the WSD Board presented the capital project bond vote to Winooski voters, they estimated needing to borrow $57.8m at an interest rate of 3.63%. The total cost of this 30 year loan would have been $91,116,447, with the first year’s payment estimated at $3.7m.

In October of 2022 the WSD Board closed on a $55m loan with the USDA at a historically low interest rate of 2.25%. The total cost of this 30 year loan is $74,181,234.

As a result, the Winooski capital project is estimated to cost taxpayers $16.9 million less than projected back in 2019.

The Board applied $1.47m in available fund balance in order to lower tax rates in FY 24 and build a bridge to FY 25 when Act 127 weights will be in effect.

The result is a tax rate that is 15 cents lower than it otherwise would have been.

Understanding & Calculating Education Property Taxes

https://tax.vermont.gov/property/education-property-tax-rates
This depends on Household Income:

- If below $90,000 it is based on the income percentage rate
- If between $90,000 & $134,800 it is based on House Value with some degree of Property Tax Credit based on the income percentage rate
- If above $134,800 it is solely based on House Value
